Konu: Possible Erasmus+ ICM Cooperation_Dicle University/TURKIYE

Dear Dr. AHMED BOUKELOUA,

I am Fatma AYDIN. I am an International Relation Office Staff at Dicle University, Türkiye. I received your contact information from one of our staff in the Faculty of Theology, Dr. H. Rümeysa Küçüköner. You had already contacted her about an international partnership.

Founded as a state university in 1973, Dicle University has been operating effectively for 18 years under the Erasmus + program of the European Union.

Our institution has already carried out thirty six Erasmus+ projects with universities from four continents and twenty-eight different countries. In this sense, we are looking for new partners for Erasmus + projects.

We declare that we are ready to sign bilateral cooperation and Erasmus + agreement with your university for all common fields if you accept it, especially for the Faculty of Theology.

You can find the draft of agreement and info sheet of our university in the attachment.

Please don't hesitate to contact us for more information.
On behalf of the International Relation Office Fatma AYDIN.
